# TRUCK RELIABILITY

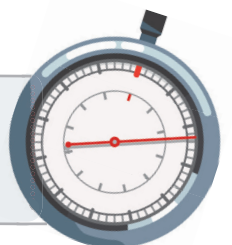

## DATA-DRIVEN MAINTENANCE

At FleetCrew we use a data-driven approach for truck maintenance reliability by performing an on-board diagnostic service each time we touch your Heavy-Duty vehicle. This preventative measure helps our clients remove the guess work that only visual inspections offer with *“data-driven maintenance reliability”*

**COMPLIMENTARY**  
SERVICE FOR OUR CLIENTS

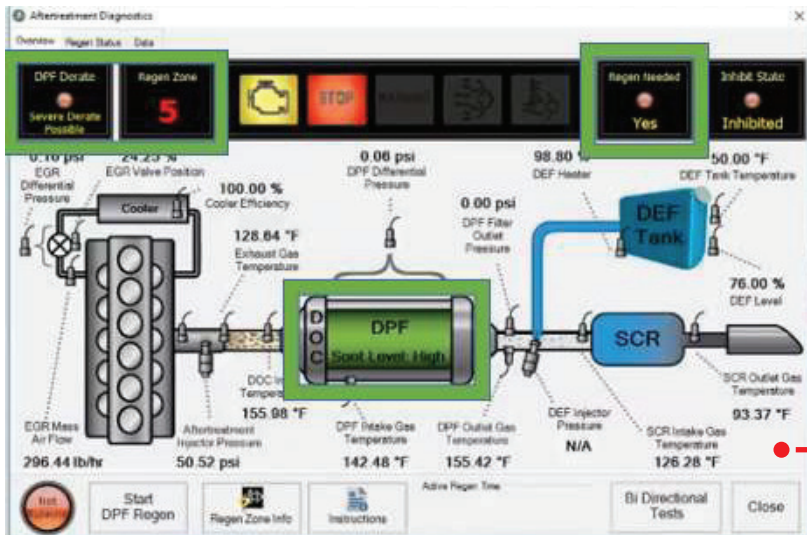

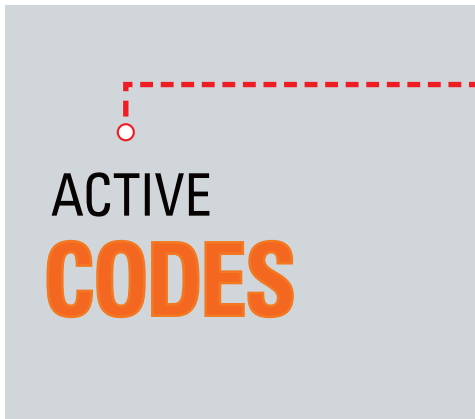

**ONLY TAKES**  
5 MINUTES!

Our diagnostic tool provides troubleshooting codes and the visuals of your engine's condition in REAL TIME. With this service, we are raising the standards in customer service and preventative maintenance!
